## New Auto Rules Carry Heavy Fine

All students must fill out an automobile registration card at registration indicating whether or not they will have a car on campus this year, according to Dean of Students C. E. Koerble.

Students who have indicated that they will not have a car and who are found driving or having such a car on campus will be liable for a \$25 fine and subject to possible dismissal from school for falsifying records.

Parking permits for all cars operated by college administrators, faculty, or students on the campus or in Maryville must be obtained. A \$5 fine will be levied against the operators of unregistered cars.

Permits for parking a car on campus cost \$2 and are issued for a designated lot. Unspecified permits for cars operated in Maryville but not parked on campus are free but must also be displayed in the driver's side of the rear window. The \$1 fine for parking violations must be paid at the Business Office within 24 hours after it is issued unless the violator files an appeal with the Dean of Students. Appeals will be heard by the Traffic Court each week.

- Any changes in license or automobile must be reported to the Business Office immediately. Motorcycles, motorbikes, motor scooter, and any other motor propelled conveyances must be registered and abide by the regulations.

"As campus citizens, the drivers of vehicles have a real obligation," said Dean Koerble. "They must consider the safety of pedestrians crossing the streets and small children playing in residential areas as well as their own."

## Tutoring Service Help Available

Scholastic assistance, in the form of tutoring, will again be provided by the tutoring service this year.

Students desiring help in course work may contact the Dean of Instruction or the Dean of Students and obtain the name of a student approved as a tutor in a specified department. The tutor will help with study procedures and other learning activities but will not write term papers or actually do the assigned work of the students.

Any student who would like to be placed on the list of approved tutors should secure approval from the chairman of the department in which the course is offered. They should then contact Dr. Leon Miller, Dean of Instruction, to be placed on the list.

## A Message from the President

I would like to welcome you to Northwest Missouri State College, especially those of you in the entering freshman class. You young men and young women are beginning a school year which will hold a wealth of opportunity for you.

As president of this college I have seen many students come and go. Some marked their stay here with significant accomplishment and learning. Others passed through the classrooms unchanged, graduating with only superficial knowledge. Some succeeded in obtaining a real education while others failed because of discipline.

For it is the way in which you discipline your mind and your activities which will determine whether or not you succeed here. The administration and faculty will provide the information and materials necessary for learning, but they can do no more than to make these available to you. You must, as an individual, apply yourself to learning, to the search for truth.

The motto of this college is, "And the truth shall make you free." Remember it as you embark upon this year's scholastic activity.

J. W. Jones

## Cafeteria Lines To Be Assigned

Students eating in the Union cafeteria will soon be assigned to specific food lines according to Luther Belcher, business manager.

The new policy will go into effect as soon as the identification cards are prepared - within a week. Each student will be assigned to one line for the noon and evening meals and to another for weekend and breakfast meals when some lines are closed.

The change was necessitated by the increased enrollment and the increase in on-campus housing, the latter up from 1,200 to 1,900 since last year. According to Mr. Belcher, the new system will be much more efficient from the serving point of view and will provide the students with better and hotter meals.

In addition, the kitchen has been reorganized. New equipment has been added to keep salads crisper and fresher and to facilitate faster serving of students.

## All Automobiles Must Be Officially Registered

Any student who has not completed an automobile registration card is asked to do so at once by Luther Belcher, Business Manager.

Belcher reminds all students that an attempt of falsification of this form will result in a \$25 fine. All persons having or driving automobiles on campus are required to register them with the business office if not previously done during registration proceedings.

## Quarterback Club Pushes Funds Drive

Contributions to the Quarterback Club scholarship fund have climbed to \$3,025 as of this morning, according to Paul Fields, chairman of the fund drive.

Fields also stated that the drive will wind up Saturday ahead of the Northwest State College Bearcats' second home game with the Ft. Hays Tigers.

The goal for this year's program is \$3,500. Last year's contributions totaled \$3,110. In the four years the Quarterback Club has conducted the scholarship fund drives, approximately 130 athletics have been assisted.

## Social Security Numbers Required for I.D. Cards

Luther Belcher, Business Manager, has announced that all students are required to present their social security number before being given an I. D. card.

Belcher suggests that any person not having a social security number write the St. Joseph, Mo., office immediately.

## Charges to Be Assessed For Program Changes

Programs may be changed (drop and add courses) through Friday, Sept. 27. Classes may be dropped but not added to a student's program through Friday, Oct. 11.

A charge of \$5.00 for dropping and adding a course will be assessed. For dropping a course only a charge of \$1.00 will be made.

SUPPORT THE BEARCATS

## Enrollment Near 3000 Setting New Record

Two thousand seven hundred and thirty six students, ranging from freshmen to post-graduates, enrolled at NWMSC last week, topping all previous records.

During the upperclass registration on Thursday, Sept. 12, 1,736 sophomores, juniors, and seniors signed their alpha-sequence numbers to a wide variety of forms, setting a new record for one-day enrollment. The freshmen followed at a less hectic but nevertheless record-breaking pace of 800 on Friday and nearly 200 on Saturday.

New this year were the ID cards, each carrying the student's age, student number, and picture. The cards, like the Emperor's new clothes, were invisible, but were promised to appear in a week.

For the class of '67, a week orientation began with a morning assembly Sept. 10, in which President J. W. Jones, Dean C. E. Koerble, and Student Body President Jim Sanders welcomed the newcomers to the campus. Orientation Co-ordinator Bob Johnson began the get-acquainted-with-the college meetings by explaining that this year the entire orientation program is being conducted by upperclass students. "We hope that we, as students, may better acquaint you with the college and with your life here as a student."

Campus tours in the rain, a parking lot dance in the Blue Room, assemblies, the Organizational Fair, more assemblies, a movie, registra-

ton, a heaven and hell dance, and more registration followed in quick succession. The whirlwind week was capped by a football victory over Peru State which broke a two-year losing streak.

As classes began Monday, the usual number of people became lost in the Colden Hall labyrinth, many were soaked quite thoroughly in the heavy "Missouri sunshine," and the Den received its normal load of students taking before-after, and during-class coffee breaks. Some complained about 8 o'clock classes, some groaned when the teacher named Staff turned out to be the one they were avoiding, and some griped about having to walk from Lot No. 2 to Colden Hall.

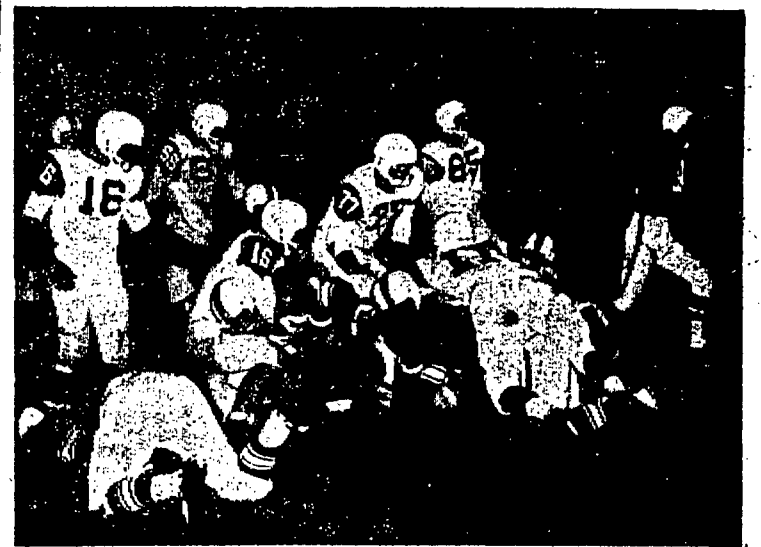

But, in general, the 1963-64 school year was off to a booming start at Northwest Missouri State.

## ATTENTION FRESHMEN

Freshmen Orientation (Ed. 1) will meet Thursday night, Sept. 19, at 7 p.m. in the College Auditorium. All freshmen, except veterans, must attend these meetings. Guest speaker at the meeting will be Miss Gimmie Atchley, Dean of Women.

## MSC Tops Peru in Opener

See Sports Page for Story

FIRST TD OF 1963 — Sophomore fullback Mike Peterson, tightly gripping the ball, is shown as he bucks across from the one yard stripe early in the second quarter to give the Northwest State Bearcats their first TD of the 1963 grid campaign and a 6-0 lead over visiting Peru, Neb., College. Peterson scored 15 of the Bearcat's points with a pair of TD's and 3-of-3 PAT kicks as the 'Cats romped past highly touted Peru 24-6. Jubilantly running from the field at the right side of the photo is star halfback Lonnie Irvin. Peru players identifiable are Curtis Holliman, 16; Harold Choate, 19; Sam Carneal, 11; Bruce McCoy, 77; Jim Manning, 65; and star defender Jim Brenn, 68, a 6-5, 270-pound giant. —Photos by Frederick's.

## Staff Welcomes Students! To Observe Policies

The Missourian staff wishes to welcome all students, both old and new, to the campus of Northwest Missouri State College.

The year 1963 promises to be one of success in all areas, many with which you will be associated, either directly or indirectly.

New activities, associations, and the adaptation to new routines and policies must be made. Previous associations in many different fields will remain for '63.

The MISSOURIAN hopes to serve each MSC student in its own way, presenting you the news of the campus and also of the community and world.

Our main purpose is to make each student feel a part of his campus and to inform him of its heartbeat, academically, administratively, athletically, and socially.

It is with this idea that the Missourian staff presents its initial publication for the fall semester. This issue is in coordination with the administration of our college . . . to inform, to orientate, and to present the policies by which our institution is governed.

## Student Groups Given Power To Discipline

Policies concerning student-administrative discipline have been announced by Dean of Students, C. E. Koerble. No major changes have been made, but emphasis was put on the various student discipline committees.

Dean Koerble noted that the administration approves of such student governed committees, centered around the idea that "students should have a constructive voice in controlling their own conduct and behavior while citizens of this campus."

Both Women's and Men's Residence Halls are primarily governed by such committees. Both groups have councils which deal with special problems which may arise, relative to regulations pertaining to on campus and approved housing students.

One of the more important committees on campus is the

The Missourian staff wishes to present its views, accepted by its administration, in regard to policies concerning "letters to the editors" to be followed throughout the coming school year.

- (1). All letters to the editors must be signed and must be limited to one topic. Each must be to the point.
- (2). Only opinions and statements will be accepted which are in no conceivable manner liable or slanderous to any individual or organization of any nature . . . on campus, in the community, nationally, or internationally.
- (3). The editors reserve the right to accept or reject any letter for publication. Letters will be printed word for word, with all grammatical and spelling errors unedited.
- (4). Letters may be submitted concerning any reasonable topic. Letters which are not published will be kept confidential and -automatically -become the property of the Missourian.

Student Faculty Discipline Committee, composed of four students and selected by the Student Body President, Dean of Men, Dean of Women, and the Dean of Students.

Dean Koerble commented, "This committee sets on all cases brought to its attention that are not dealt with in a residence hall council . . . or such groups." This committee deals with more severe discipline cases, with offenders being summoned to appear before the group. This committee has the power to impose any degree of penalty which it deems necessary.

The campus traffic court meets weekly to hear student appeals concerning parking vi-

olation tickets. Another group, the Student Faculty Affairs Committee meets upon special notice concerning matters of student affairs coming under a general nature, "relative to student deportment."

### New Rules, Looks For Hudson Hall

Several new policies will go into effect, starting with the fall semester, concerning disciplinary rules in Hudson Hall. Also announced was the completion of Hudson's new recreation room.

Mrs. Jane Thummel, director of Hudson Hall, stated that no penalty marks would be given this year, but study hours would be assessed instead, with one hour of supervised study under a counselor for each penalty.

For each campus, violators will also serve three hours of supervised study. The new rules will be rigidly enforced and will go into effect immediately.

#### Recreation Facilities

Mrs. Thummel added that the new recreation room has been completed, with the overall addition being divided into two parts, a lounge area with tele-

# Bearcats Blast Peru

## Peru Victims of Explosive Bearcat Power Attack

The Northwest Missouri State Bearcats ran rough-shod over the Peru State Bobcats Saturday night, grinding out a lop-sided 24-6 victory in Memorial Stadium. Coach Ivan Schottel's charges rammed into paydirt late in the first quarter and were never headed for the remainder of the contest.

The impressive win started the Bearcats' season on a promising note as both the offensive attack, led by quarterback Leo Papas, and the rock-ribbed 'Cat defense, anchored by big George Redden, dominated the greater portion of both halves. Papas guided the 'Cats on several long drives, and Redden spent the majority of the evening in Peru's backfield.

### United Effort

Actually, the big win was a complete team effort as the Bearcat line opened gapping holes in the Bobcat's defense, while their own defensive team continually harassed the Nebraska attack. Maryville's blocking and pad-popping gang tackling took the heart out of Peru early in the game, with the 'Cats grabbing a 14-0 half-time lead.

Mike Peterson, 195-pound fullback, took scoring honors with two TD's. The husky back also converted all three extra-point tries.

Lonnie Irvin broke loose for key runs throughout the contest, scoring once on the long end of a 34-yard aerial from Papas. Don Daniels, 200-pound halfback, added to the 'Cats' rushing yardage, as did second unit fullback Hal Wittbrodt, a strapping 210 pounder.

Mike Thompson, rookie halfback, thrilled the near capacity crowd with a difficultly angled 35-yard field goal. The "golden toed" Thompson split the uprights with the boot, adding to and completing the rejuvenated Bearcats' scoring.

### Tight Defense

Ron Brumley, Tom Greenlees, Ed Maxwell, and John Flynn, along with Redden spearheaded the defense, which constantly plagued Peru. Jim Redd and Dave Ranum, with help from Buzz Englund, cracked the Bobcats' defense with their timely blocking.

The fighting Bearcats will meet the perennially strong Ft. Hays, Kan., Tigers next Saturday night, again in the friendly confines of Memorial Stadium. Game time is 8:00.

## 'Cats, Ravens Combine Forces

The Bearcats' next home game, Saturday night, could produce double-trouble with the Ft. Hays Tigers, since both the 'Cats and St. Benedict's were throttled by identical 21-0 scores last year.

Coach Ivan Schottel brought several of his St. Benedict Ravens to Maryville with him, thus, giving both squads a combined chance to even the score with Ft. Hays.

Game time is 8:00 in Memorial Stadium.

## Cape Girardeau Loses Against Western Illinois

MIAA co-favorite, Cape Girardeau, was bombed, 40-7, by Western Illinois, last Saturday.

The Illinois team ran up a 33-0 lead before Cape could push across their lone touchdown, late in the game.

The Indians are pre-season favorites with Kirksville to capture the MIAA crown. Cape will be trying for two straight league titles.

## Fighting Bearcats To Test Fort Hays Depth Saturday

MSC's fighting Bearcats will attempt to even the score with the Fort Hays Tigers Saturday night, Sept. 21, at Memorial Stadium.

The opening kickoff is scheduled for 8:00.

The Tigers from Kansas blasted the Bearcats, 21-0, last year and went on to finish with a strong 6-2-1 season's slate. The Tigers will return 19 let-terms this year, but Coach Wayne McConnell will be without the services of NAIA Little All-American quarterback Dave Parker. Also missing because of graduation will be All-CIA line-backer Jim Lee.

### Transfer Gridsters

Coach McConnell reports that 19 men have given his squad added strength by transferring to the Kansas college. Added to the 19 returning monogram winners, this gives McConnell, 38 experienced players to call upon.

Leading this large group is All-CIC end Cliff Leiker, a glue-fingered pass receiver. Leiker has broken all existing records in pass receiving for Ft. Hays and figures to be the top target again this year.

The experienced Tigers will run from a multiple-T formation, with much of their hopes

based on finding a capable replacement for Parker.

### 'Cats Falter

In last year's contest, Maryville moved within the Hays 20-yard line four times but failed to punch over a single touchdown.

With a more potent offensive machine for Saturday night's game, the Bearcats will be out to pull an upset on their home grounds.

Follow the Fighting Bearcats on the road through the Missouri. Support them at home by your attendance.
